REQUEST TO WITHDRAW NOTICE OF ABANDONMENT
UNDER 37 C.F.R. § 1.8(b)

This request is in response to the Notice of Abandonment (copy enclosed) mailed January 13, 2003, which was issued in error.

The Notice of Abandonment indicated that the application was abandoned because of "Applicant's failure to timely file a proper reply to the Office letter mailed on 01 July 2002." Apparently, no reply has been received.

However, a Response to an Office Action mailed July 1, 2002, and a Petition for Three-Month Extension of Time, along with a check that covers the extension fee, were mailed by first class mail on December 30, 2002. Enclosed are copies of the Response, the Petition, and a copy of the canceled check. The Response and the Petition include certifications that these documents were deposited with the United States Postal Service as first class mail with sufficient postage on December 30, 2002. The canceled check indicates that it was paid on January 9, 2003.

Thus, Applicant submits that the Response to the Office Action was timely filed. The Notice of Abandonment was issued in error, and Applicant respectfully requests that it be withdrawn and the application be processed accordingly.

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, Washington, D.C. 20231.

The below text replaces the pre-printed text under the heading, "Information on How to Effect Drawing Changes," on the back of the PTO-948 (Rev. 03/01, or earlier) form.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

RECEIVED
MAR 06 2003
GROUP 3600

1. Correction of Informalities -- 37 CFR 1.85

New corrected drawings must be filed with the changes incorporated therein. Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin. If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the Notice of Allowability. Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136(a) or (b) for filing the corrected drawings after the mailing of a Notice of Allowability. The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsperson.

2. Corrections other than Informalities Noted by Draftsperson on form PTO-948.

All changes to the drawings, other than informalities noted by the Draftsperson, **MUST** be made in the same manner as above except that, normally, a highlighted (preferably red ink) sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made, other than correction of informalities, unless the examiner has approved the proposed changes.

Timing of Corrections

Applicant is required to submit the drawing corrections within the time period set in the attached Office communication. See 37 CFR 1.85(a).

Failure to take corrective action within the set period will result in **ABANDONMENT** of the application.
